No Kid Hungry's Impact in Arkansas

Six year-old Ida's parents aren't always able to provide enough for her to eat at home. No Kid Hungry and our partners are expanding school breakfast to reach kids in need like Ida. If you take a trip to Jonesboro, Arkansas you'll witness a fleet of little red wagons that cafeteria staff use to carry healthy breakfasts to kids in Jonesboro Public Schools each morning.

With support from No Kid Hungry, the school was able to purchase the equipment they needed to take breakfast out of the cafeteria and into the classroom. We're helping schools and community groups across the state end childhood hunger once and for all. By investing in practical solutions that connect kids like Ida to food, No Kid Hungry is making sure that no child goes hungry.
